Join the AANS/CNS Section on Tumors in New Orleans

It is a great pleasure to invite you to the 10th Biennial Satellite Tumor Symposium of the American Association of Neurological Surgeons (AANS)/Congress of Neurological Surgeons (CNS) Section on Tumors, which will be held April 26-27, 2013 at the Hilton New Orleans Riverside Hotel.

We are excited to host this event, conveniently scheduled on the Friday afternoon and Saturday just before the start of the 2013 AANS Annual Scientific Meeting, which takes place April 27-May 1, 2013, at the Ernest N. Morial Convention Center.

We have organized a scientific program in which the most recent advances in tumor therapy will be presented, including clinical updates, translational studies, and basic science neuro-oncology research. We look forward to exciting keynote lectures by Eric Holland, MD, PhD, on “Molecular Targeting of Gliomas Using Mouse Models” and by Linda Liau, MD, PhD on “Imaging Paradigms to Characterize Tumor Genetics.” In addition, we have organized a comprehensive seminar on the “Multidisciplinary Management of Meningiomas.” Cosponsored by the Society of Neuro-Oncology (SNO), this seminar will explore all aspects of meningiomas, including pathology and molecular genetics, mouse models, imaging, surgery, radiotherapy, stereotactic radiosurgery, medical therapies, quality of life and clinical trial opportunities. Moreover, exciting evening seminars on the “Latest Advances in Immunotherapy,” and “Surgical Adjunct to Optimize Tumor Resection” are planned for Friday night.

A central part of the meeting is the peer-reviewed oral and poster presentations selected from the submitted abstracts. We encourage you to submit your most exciting work related to the therapy and science of tumors of the central and peripheral nervous system. The abstract center is currently open and abstract submissions are being accepted via www.myaans.aans.org until February 4, 2013. For more information, contact Rhonda Foss at 847-378-0551 or via e-mail at rdf@aans.org.

The Hilton New Orleans Riverside Hotel is located conveniently near the convention center, and is just steps away from some of the Crescent City’s best offerings in food, music and entertainment. Take advantage of the Section on Tumors’ discounted rate by reserving your hotel room at onPeak.co/aans before March 25, 2013. Register for the symposium at www.compusystems.com/servlet/ar?evt_uid=4827 between Jan. 14, March 25, 2013, and receive a $100 early-bird discount.

With an engaging scientific program in store and all the fun that the Big Easy has to offer, we look forward to seeing you in New Orleans this April.

Sincerely,

Learning Objectives:
Upon completion of the CME activity, participants should be able to:

- Update the audience on new neurosurgical techniques for brain tumors.
- Review recent knowledge gained from neuro-oncology clinical trials.
- Evaluate progress in the adjuvant therapy of brain tumors.
- Identify novel diagnostic, medical and surgical paradigms for meningioma therapy.

Who Should Attend
The educational sessions will be directed towards tumor neurological surgeons, residents, nurse clinicians and physician assistants, and will be directly applicable to their practices.

Continuing Medical Education Credit
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council of Continuing Medical Education through the joint sponsorship of the AANS and the AANS/CNS Section on Tumors. The AANS is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement
The AANS designates this live activity for a maximum of 13 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Joint Sponsorship Disclaimer
The material presented at the AANS/CNS 10th Biennial Satellite Tumor Symposium has been made available by the AANS/CNS Section on Tumors and the AANS for educational purposes only. The material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situation discussed, but rather it is intended to present an approach, view, statement or opinion of the faculty, which may be helpful to others who face similar situations.

Neither the content (whether written or oral) of any course, seminar or other presentation in the program, nor the use of a specific product in conjunction therewith, nor the exhibition of any materials by any parties coincident with the program, should be construed as indicating endorsement or approval of the views presented, the products used, or the materials exhibited by the AANS/CNS Section on Tumors and jointly sponsored by the AANS, or its Committees, Commissions, or Affiliates.

Neither the AANS nor the AANS/CNS Section on Tumors makes any statements, representations or warranties (whether written or oral) regarding the Food and Drug Administration (FDA) status of any product used or referred to in conjunction with any course, seminar or other presentation being made available as part of the AANS/CNS 10th Biennial Satellite Tumor Symposium. Faculty members shall have sole responsibility to inform attendees of the FDA status of each product that is used in conjunction with any course, seminar or presentation and whether such use of the product is in compliance with FDA regulations.

Claim CME Credit the Easy Way
Meeting attendees will self-report CME credit for the programs they attend by going online to MyAANS.org. PLEASE HAVE YOUR USERNAME [e-mail address] AND PASSWORD HANDY during and after the meeting for convenient completion and submission. Once logged in, click on “Self Reporting” on the left and choose AANS/CNS 10th Biennial Satellite Tumor Symposium.
