American
Association of
Neurological
Surgeons

www.aans.org/Coding

The goal of the *2019 AANS Managing Coding & Reimbursement Challenges in Neurosurgery* course is to train clinical, professional and administrative staff to recognize the implications of quality reporting and deliver the most up-to-date ICD-10 and CPT coding specific to neurosurgical practices. Through hands-on training and experience, attendees will be able to accurately apply and assign CPT codes for common neurosurgical procedures. Attendees will be exposed to high quality, reliable and effective practice management content important for staying compliant with ever-changing regulations.

Course Objectives

Upon completion of this course, participants should be able to:

- Review documentation guidelines in order to identify common compliance issues in E/M coding and documentation.
- Discuss Medicare Update of 2019.
- Review documentation requirements to ensure appropriate coding compliance and reimbursement for non-physician providers.
- Describe the global surgical package including the pre-, intra- and post-operative global period components.
- Identify and apply correct CPT codes to commonly performed spine procedures, cranial and neuroendovascular procedures.

AAPC CEU Credit

CEU credits for this activity are pending.

Continuing Medical Education (CME) Credit

The AANS is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AANS designates this live activity for a maximum of 17 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
