# Goodman Oral Board Preparation: Neurosurgery Review by Case Management

The 2019 American Association of Neurological Surgeons (AANS) Goodman Oral Board Preparation course reflects the changes in the American Board of Neurological Surgery (ABNS) Oral Board Exam. Practicing neurosurgeons who register for the full course will have the opportunity to attend at least four breakout sessions specific to their subspecialty to assist in preparation for the focused practice portion of the exam. Register for this one-of-a-kind course to enhance case-management skills, identify knowledge gaps and pass the ABNS Oral Board Exam.

## LEARNING OBJECTIVES

Upon completion of this course, participants should be able to:

- ▶ Discuss contemporary neurosurgery topics, including general, trauma, spine, vascular, tumor, pediatrics and peripheral nerve.
- ▶ Comprehend the format of the ABNS Oral Board Exam.
- ▶ Compare approaches to standard and complex neurosurgical problems with those of contemporaries.
- ▶ Identify those areas of neurosurgery where further study would be beneficial in preparation for the ABNS Oral Board Exam.

## COURSE DIRECTOR

### Allan D. Levi, MD, PhD, FAANS

University of Miami,  
Miller School of  
Medicine

Dr. Levi graduated from the University of Ottawa Medical School. He completed his residency at the University of

Toronto and spine fellowship at the Barrow Neurological Institute (BNI) in Phoenix. He completed a PhD in neuroscience in human Schwann cell biology at the University of Miami during his residency. He is a professor and is chief of neurosurgery at Jackson Memorial Hospital. He is also the Robert M. Buck distinguished chair in neurological surgery and chair of neurosurgery at the University of Miami Miller School of Medicine.

## COURSE DATES

- May 1-3, 2019, Phoenix
- October 30-November 1, 2019, Phoenix

## AGENDA

▶ <b>Day Prior to Course</b>
<b>6-8:30 p.m.</b> Course check-in
▶ <b>Days 1, 2 and 3 Program</b>
<b>6:30-7 a.m.</b> Check-in and Breakfast
<b>7-9:30 a.m.</b> Plenary Session and One-on-one Sessions

Registration includes a full breakfast and lunch each day of the course. Attendees will also receive a copy of the *Handbook of Neurosurgery* by Mark Greenberg, MD, or *Goodman's Neurosurgery Oral Board Review* by Allan D. Levi, MD, PhD, FAANS.

*Faculty and agenda subject to change.*

*Note: Videotaping, recording or photographing any portion of this course is strictly prohibited by the AANS.*

## THIS COURSE CONTAINS TWO CONCURRENT SESSIONS:

**Plenary "Hot Seat" Sessions:** The plenary sessions provide a simulated board exam experience by covering more than 200 case scenarios. "Hot seat" participants formulate responses to mock exam questions, while other attendees observe how best to formulate, organize and present responses to case scenarios. On Day 3, sessions address and analyze attendee-submitted cases in preparation for the case-based portion of the exam, including clinical history, physical examination, key imaging, diagnosis and management, surgical coding, early result and follow-up.

**One-on-one Sessions:** The one-on-one breakout sessions consist of one participant paired with a faculty member. Experienced neurosurgeons will critique patient management response and the ability to organize answers to simulated oral board questions. The breakout sessions are intensive and comprehensive.

## WHO SHOULD ATTEND

The program is specifically designed for neurosurgeons in private, academic or subspecialty practice that plan to take the Oral Board Exam. *Note: The ABNS does not require this course before taking the ABNS Oral Board Exam.*

## CME CREDIT

The AANS is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AANS designates this live activity for a maximum of 25.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
