

Position Statement: 1986 Nov 01

#### Clinical Evaluations

Contact(s):

Heather L Monroe

The AANS may provide, upon request from the appropriate persons or entities, state-of-the-art summaries of clinical procedures reviewed by the Presidents of the AANS and CNS before release. These summaries will not constitute an official AANS policy statement or endorsement of any procedure. From time to time, and in special circumstances, the AANS may formulate an official policy position regarding clinical procedures.
