RE: Advance IPAB Repeal -- H.R. 849, the Protecting Seniors' Access to Medicare Act of 2017

Dear Speaker Ryan and Minority Leader Pelosi:

As the Alliance of Specialty Medicine (Alliance), our mission is to advocate for sound federal health care policy that fosters patient access to the highest quality specialty care. As patient and physician advocates, we write to urge you to schedule consideration by the full House of Representatives of H.R. 849, the Protecting Seniors' Access to Medicare Act of 2017, authored by Rep. Phil Roe (R-TN) and Rep. Raul Ruiz (D-CA).

The Alliance strongly opposes the IPAB or any other board resulting in an inappropriate delegation of Congress' oversight responsibilities. Significant health care decisions must not be made by a group of unelected, unaccountable individuals with little or no clinical expertise or the oversight required to protect access to care for America's seniors. The Alliance is concerned that the IPAB will arbitrarily ratchet down provider reimbursement, without sufficient oversight and without care taken to ensure that Medicare beneficiaries receive the quality health care that they need and deserve.

The Alliance understands and appreciates concerns with the rising costs of health care. However, the process and structure of the IPAB is fraught with potential unintended consequences and the IPAB lacks the clinical expertise and the research capacity to examine the national and regional effects of proposed recommendations to ensure patients are not unduly impacted.

We urge Congress to take action to pass H.R. 849, which was recently reported out of the Ways and Means Committee. To date, the Board has not been established and Congress has taken action to prevent funds from being used to operate IPAB. Repealing IPAB should not require an offset.

We appreciate your consideration and urge you to schedule consideration of H.R. 849 which would repeal the Independent Payment Advisory Board (IPAB).

Sincerely,
