RULES AND REGULATIONS

Show management has established these Rules and Regulations to protect the interest of exhibitors, show management and medical attendees.

Interpretation of Rules
The following Rules and Regulations are part of the contract between the exhibitor and the AANS/CNS Section on Pediatric Neurological Surgery (the Section). All matters not covered in these Rules and Regulations shall be referred to the Section for adjudication, and the decision of the Section shall be final. These Rules and Regulations may be amended at any time by the Section, and all the amendments so made shall be binding upon the exhibitor equally with these Rules and Regulations and shall become a part thereof, provided the exhibitor is notified of the amendments. Notice may be verbal or in writing, before or during the Annual Meeting of the AANS/CNS Section on Pediatric Neurological Surgery and may be given to any authorized agent or representative of the exhibitor.

Booth Assignments
The Section reserves the right to change the exhibit floor plan if conflicts arise regarding space requests or conditions that are beyond the Section’s control. The Section reserves the right to relocate exhibitors demonstrating loud apparatus or conducting odor-producing activities to an area where the noise or aroma will not interfere with other exhibits. Show Management reserves the right to determine at what point sound or odor interferes with others and must be discontinued. The Section reserves the right to relocate an exhibitor at any time with the understanding that if the exhibitor does not agree with such relocation to the extent that the exhibitor cannot participate in the Annual Meeting, the deposit and/or full payment for exhibit space will be fully refunded.

Subletting of Space
Subletting, assigning or apportionment of the whole or any part of the exhibitor’s space by the exhibitor is prohibited. Exhibitors may not advertise or display goods in their exhibit other than those manufactured or sold by them in the regular course of their business. Exhibitors may not permit any other party to exhibit in their space or display goods other than those manufactured or distributed by the contracting exhibitor.

Americans with Disabilities Act
Exhibitors are responsible for compliance with the Americans with Disabilities Act of 1992 within their booth space.

Purpose of Exhibit
The sole purpose for contracting exhibit space is to display and/or demonstrate equipment, supplies and/or services. In accordance with IRS regulations, the solicitation of orders and/or the selling of any products or services for delivery during or following the meeting is strictly forbidden.

Demonstration and Liability
Exhibitions or demonstrations by the exhibitor must be confined within the bounds of the exhibitor’s assigned exhibit space and shall not interfere with aisle space. If the premises of the facility are defaced or destroyed by the exhibitor, its agents or representatives, the exhibitor will be liable to the facility for such amount as shall be deemed necessary for restoration to the previous condition. This Agreement is made and to be performed in Salt Lake City and shall be construed in accordance with Utah law, but not against any party by reason of that party having drafted it. No representative of the The Grand America Hotel has been or is authorized to make any representation which varies from the expressed terms of this contract though the contract may be supplemented in writing.

In any legal action or arbitration or other proceeding brought on account of a breach of any provision of this Agreement or to enforce any provision of this Agreement, the prevailing party shall be awarded its attorney’s fees and other costs incurred in such action or proceeding, in addition to any other relief to which it may be entitled. Any modifications or changes to this Agreement must be made in writing, signed by both parties hereto. Any legal action in connection with this Agreement shall be brought in Utah.

Booth Construction and Arrangement
All exposed parts of displays must be finished so as to present an attractive appearance when viewed from the aisles or from adjoining exhibits. If other exhibitors of the Section object to any exposed portions of a display, the exposed portions will be draped by the Section and billed to the exhibitor. All tables used in an exhibit space must be skirted. The Section follows the IAEE guidelines for exhibit booth set-up and compliance.
Booth Conduct
The Section reserves the right to approve all exhibits and activities related thereto. The Section may require that an exhibit be curtailed if it does not meet the standards set forth herein, if it reflects against the character of the AANS/CNS Section on Pediatric Neurological Surgery or the Annual Meeting, or if it exceeds the bounds of good taste as interpreted by show management. An exhibitor of a questionable exhibit or activity relating hereto must submit a description of the exhibit or activity for approval 60 days prior to the Annual Meeting. Inspection of the exhibit hall will be made during installation hours. Every effort will be made to inform exhibitors of any deviation from exhibit rules at that time. Exhibitors must make all corrections requested by Show Management at their own expense or risk removal from the exhibition without notice and without obligation on the part of the AANS/CNS Section on Pediatric Neurological Surgery for any refund whatsoever. The Section reserves the right to expel or refuse admittance to any representative whose conduct is, in its opinion, not in keeping with the character and/ or spirit of the Annual Meeting. Exhibit personnel may not enter another exhibitor’s booth without obtaining permission. Lingering in the aisles surrounding another exhibitor’s booth for the purpose of obtaining product information or distracting other booth personnel is strictly prohibited and may result in expulsion. The Section does not in any manner endorse any of the products or services related to the exhibits which have been accepted for display during the Annual Meeting. Exhibitors may not sell any food or beverage on the exhibit floor. Distribution of any literature outside of an exhibitor’s own space is strictly prohibited and, if found, will be removed. No procedures may be performed on any live tissue or cadavers on the exhibit floor.

Prize Drawings
All prize drawings must comply with all local, state and federal laws governing drawings and have prior approval of Show Management. The rules must be posted at the exhibitor’s booth and must include: eligibility, date and time of the drawing, the words “no purchase necessary to enter,” odds of winning, how winners are notified, how participants obtain names of winners, etc. The exhibitor must agree to indemnify the Section, its Board of Directors, employees and vendors in the event of any claims arising from the operation of the event. The Section must be notified of the winners and date the prize was awarded. The Section reserves the right to restrict drawings that it deems inappropriate or unprofessional.

Children
Children under 18 years of age will NOT be permitted to enter the Exhibit Hall at any time during the meeting. This includes installation, show hours and dismantling of exhibits.

Fire Regulations
All material used in the exhibit must be flame-proofed and fire resistant in order to conform to local fire ordinances and in accordance with the regulations established by The Grand America Hotel.

Giveaways and Handouts
Distribution of product literature and samples of products is permissible. Approval must be obtained by the exhibits manager at least three weeks prior to the meeting. Distribution of such products or souvenirs will be allowed, provided it is done in a dignified manner, does not create a nuisance and causes no interference with adjoining exhibits. Unapproved items will be removed from the exhibit floor. For approval, send a sample to:

Except to hold entertainment or social functions, exhibitors must confine their activities to their allotted exhibit space. No entertainment functions, meetings, courses or social functions may be scheduled to conflict with Annual Meeting of the AANS/CNS Section on Pediatric Neurological Surgery program hours, activity hours or exhibit hours. Entertainment and social functions must be in good taste and conform to the purpose of the meeting. The Section should be notified in writing of any special activities (whether entertainment, educational or promotional in nature) planned by an exhibiting company for the period beginning Tuesday, Dec. 7 through Friday, Dec. 10. Announcements and invitations addressed to members of the medical profession concerning such industry-sponsored events must be submitted and approved by show management prior to production and distribution, should clearly indicate the name(s) of the sponsor and must in no manner imply directly or indirectly that the event is a part of, or an official activity of, the Section. **Restrictions**
Exhibitors who use noisy electrical devices, sound-producing movies or other devices which prove objectionable because of noise, odor or other disagreeable features, must agree to keep the noise and/or odor of such devices at an absolute minimum.
