RE: Children's Health Insurance Program (CHIP) Reauthorization

Dear Speaker Ryan and Leaders McConnell, Schumer, and Pelosi:

As the Alliance of Specialty Medicine (Alliance), our mission is to advocate for sound federal health care policy that fosters patient access to the highest quality specialty care. As patient and physician advocates, we write to urge the inclusion of reauthorization of the Children's Health Insurance Program (CHIP) in the continuing resolution (CR) to be considered this week.

CHIP provides health coverage to eligible children, through both Medicaid and separate CHIP programs administered by states, according to federal requirements. The Alliance is concerned that authorization for federal funding of the program lapsed several months ago. As this program is funded jointly by states and the federal government, we urge Congress to reauthorize funding for this program to prevent any disruption in coverage and access to care for eligible children.

We appreciate your consideration and urge reauthorization of the CHIP program.

Sincerely,

The Alliance of Specialty Medicine
